ASSASSIN MISSES COMMANDER

Over the past eight years, I have been attacked regularly in various ways, from gasoline bombs to gunfire.

But most of the attacks have been very poorly planned and hastily executed, causing little damage. The most common form of attack has been from a speeding car, which would whizz by while the brave warriors inside hurled flaming gasoline or fired their guns.

Last week, however, the enemy made an attack on me personally which came mighty close to success.

I had been driving in Alexandria, something I very rarely do, since I cannot afford to lay myself open to the usual traffic tickets, etc. But somebody KNEW I was out and that I was driving. So they laid an ambush for me.

When I returned to the driveway which enters our 23-acre reservation in Arlington, I found a small roadblock in front of me.

Figuring it was more of the harrassment of the juveniles around here who get a kick out of daring the wrath of the Nazis by such childish exploits, I asked the young university student who was with me to get out and remove the road-block while I waited in the driver's seat.

All around the entrance to our drive-way is heavily wooded, with a lot of undergrowth and bushes. Right behind and to my left was a brick pillar. And behind this pillar, about ten feet behind and to the left of where I was sitting in the car, lurked a cowardly assassin with a 38 calibre pistol.

I sat there, -a perfect pigeon for a clean shot, for about a minute, when suddenly it seemed the whole world exploded in my ear. I thought it was a bomb at first.

Instinctively, I jumped out of the car and dove at the place where it came from, -which probably saved my life and deprived them of a second shot. I saw two figures scrambling away through the woods, and took off after them.

Since they had about twenty yards head start, I jumped out of the woods and onto the sidewalk which runs along the same way they would have to escape, hoping to outflank them. I sent the thoroughly shaken kid who had been with me up the hill for help, and ran as I never have before, raging at the top of my lungs how I would kill the #$% ¢%&($ &* so-and-sos when I got my hands on them. I reached a little dirt road on the other side of the woods, which they would have to cross, ahead of them, -and just in time to see one of them, a man with dark hair, heavy-set, wearing a faded yellow sweat-shirt, dive into a culvert and race away. I took off after him, but cooled off, since they were armed, and I was not, and decided there was not much to gain by further running through the woods. Anger gave my heels wings, but fear gave theirs jet propulsion. The cops, who later checked the tracks in the woods, said they were touching the ground only every ten feet or so.

When I got back to the barracks and inspected the car, we found where a 38 slug had hit and carrome~ ~ff the door about an inch and a half from whe e my head was.

The balistics people who came over later told me they thought the assassin had fired from the crouched position, rather than sighting, and thus went slightly up and to the left, which they said is usual when shooting in that fashion.

Once again, I think Destiny, -and my reputation, -saved me from what would have been sure death. With a full minute to aim from less than fifteen feet away, it is a miracle the villain could have missed, and I personally believe that my arrogance in the face of this kind of cowardly attack, plus the fact that I was out and after him as soon as he fired, is what keeps me alive.

A final note which should be mentioned is the way the press handled the incident.

Surely such an attack and near assassination was news.

When they missed General Walker, the whole world was in an uproar.

Yet the local papers either did not mention it at all, or treated it as some kind of cheap propaganda trick I had played, although the police confirmed every bit of it.

I cannot help wondering what those who claim I am an agent provocateur would say to explain this sort of thing. I can only wish I could have Mr. Hoggis, or Bloomers Buckley, or Rabbit Welch with me during some of these attacks, when my supposed comrades are "paying" me in lead or gasoline.

Nigger Loving Mississippi Justice

Last week, in Mississippi, we experienced the most fantastic demonstration of right-wing insanity and suicide we have ever gotten into.

James "Sore Foot" Meredith announced he was going to "march" through Mississippi again this year, after having been blasted with wet noodles or soggy puffed wheat last year.

So our people in Dallas decided to do all that was legal to demonstrate that the White people, --and plenty of coons, too, --don't appreciate his nigger march.

Lt. Al Gray led three other men over to Hernando, Mississippi, where Meredith was scheduled to start his fake "march". Arriving by car, the night before, they stopped in a small cafe for a cup of coffee.

Ten minutes later, a posse of sheriffs burst in, seized them all and threw them in a tiny jail cell without sanitary facilities. THEY HAD DONE OR SAID NOTHING, WERE NOT IN UNIFORM, AND WERE MERELY DRINKING COFFEE WHEN THEY WERE SEIZED!!!

For more than twenty hours they were held incommunicado. They asked to be told on what charges they were being held. They were given no answer. They asked to make a phone call but were refused. They asked when they would have a hearing before a magistrate, but got no answer. They asked to see a lawyer, and this too was denied!

Finally, about five thirty the next afternoon, when nigger Meredith was well started on his "march", and was showing his smelly feet on national TV, our boys were told they were charged with "Criminal Syndicalism", with bail set at $2,000 apiece!!!

They were allowed to make a phone call, and told there would finally be a hearing the next Monday morning!

Max Amann in Dallas, decided to wait and see what happened at the hearing on Monday.

But Monday came and went with no word from Mississippi. Finally, by calling all around, he learned that the hearing had been "postponed" until Wednesday; -all the time with the boys locked in an unbelievably tiny, black cell, with no air or sanitary facilities.

Max decided to file for a writ of Habeas Corpus with the Federal Court, and left for Oxford, Mississippi by car near midnight. With him went two more Dallas Stormtroopers.

Arriving in Oxford about 11 AM, Max checked into a motel, left the boys resting in the motel, and took the petition for a writ to the Federal Court.

They told him it couldn't be filed, "right then" and to come back after lunch. He did. Finally, he got it filed, only to learn that the judge was "out of town", in Tupelo, Mississippi.

More determined than ever, Max took off in a cloud of dust and managed to get in to see the judge in Tupelo. Judge Clayton berated him for daring to come to see him, denied the petition out of hand, and sent Max scurrying back to the street looking for a lawyer, not knowing what else to do. A local lawyer put him in touch with a lawyer named Wilroy back in Hernando, so Max whizzed alll the way back there to see Wilroy.

Wilroy agreed to take the case, and both of them got in Max's car and went down to see the first four boys in jail. Then Max dropped the lawyer off at his office and started back the long road to Oxford, where the other two lads were in the motel waiting for him.

(All this time, old nigger "Sore Foot" was limping down the road with vast national TV and press coverage, although there was not one word about the Nazi opposition in jail.)

But before Max went a block from the lawyer's office in Hernando, he was surrounded by no less than six police cars, sirens wailing and red lights flashing, hauled out of his car, thrown up against a wall, searched, handcuffed, and arrested. All the way to jail, he was roughly handled and asked "what happened to the man in the black shirt who jumped out of your car"!!!!

All the time, Max was held in handcuffs, but not told the nature of the charges, allowed to make a phone call or exercise any other common rights. Finally, he was dragged TWENTY MILES out of town to a place called "Sanitobia" and dumped in the jail there.

(Meanwhile, nigger meredith is still doing his heroic marching act, with no difficulty from the police or sheriffs, who are protecting him).

By this time, Max's wife back in Dallas, who had heard nothing of him, was worried sick, and called all over trying to find out what had happened to her husband.

Finally, the nextmorning, these Mississippi Neanderthals allowed Max to call his wife, telling her he was charged with conspiring to make a wrong left turn.

After the phone call, Max was taken before magistrate Perriman back in Hernando, and summarily convicted of the wrong left turn! They fined him $19, told him he better take off and never return, or he would "get it", etc.

Max drove out and headed back to pick up the two men in the motel in Oxford.

What he didn't know then was that while he had been getting the business in Hernando and Sanitobia, the police in Oxford had burst into the motel room where the two boys were SLEEPING, searched the room, seized Max's belongings and arrested the two lads for "disturbing the peace".

When Max found out about this outrage, he called his wife again to explain, and then went over to the jail to see about getting the boys out.

Then HE disappeared! His wife heard not another word. Finally, frantic, she managed to learn somehow that he was "voluntarily" staying in the Oxford Jail!!!!!!

Mrs. Amann, thoroughly alarmed by now, took off and SHE headed for the scene of action. She had agreed with Lawyer Wilroy to be met at the airport in Memphis, and they would then see about getting out the four in Hernando, the two in Oxford, and Max, who was in 'voluntarily'.

When she arrived at the airport in Memphis, Mr. Wilroy had performed the famous Mississippi "disappearing" act. Nobody ever DID find out what happened to Wilroy.

Mrs. Amann, more worried than ever, finally located Mr. Wilroy;s law partner and managed to get the facts.

The four boys in batch A were still locked in the tiny cell in Hernando waiting for a hearing on Wednesday. The second two were locked up in Oxford awaiting THEIR hearing, and Max was also locked up in Oxford, "voluntarily", --although incommunicado.

The arrival of Mrs. Amann, who, while as sweet as honey, is also a Texan, seemed to instill some sense into the Mississippi Neanderthals, because the snarl began to untangle.

But not before I had gotten into the act.

In spite of the impossible difficulties already plaguing me, when I heard of all this crazy and unjust business in Mississippi, and especially when I heard that MRS. Amann was about to experience the way Mississippi law treats White Men while it protects a stink-footed nigger to march on its highways, I got MAD.

I called a helicopter service in Memphis and made arrangements (as the American Negro Press Service) to charter a helicopter, ostensibly to hover over Stink-foot and get pictures of him. Actually, I had made up a ten foot boat-ticket to Africa, and was going to jump down and shove it at that ugly coon, thus calling attention to the whole dirty business of Mississippi protecting and coddling the nigger, while it committed one outrage after another on the only White Men left with the guts to protest the nigger arrogance.

Upon arrival at the Memphis airport, however, much to my astonishment, I was met by Max himself, and taken out to the car, where I found the two boys of batch B, and Mrs. Amann.

They pleaded and begged me to call off the helicopter scene, on the grounds that there was obviously a massive super-blackout on our activities and even if I jumped out of that helicopter naked, it would get no coverage, and the national TV would once again show ten minutes of Merediths throbbing and fuming feet for all the world to see how happy Mississippi was to have this coon trudging up and down its highways. They wanted not one sign that anybody objected, and any such objections had as much chance of being mentioned in the press as Harry Golden at an SS rally and bonfire.

They convinced me that I would be shot at in the helicopter, bagged, jailed, and charged with high treason, ---all to no purpose at all, sinee the world would STILL not hear of the way Mississippi coddled that nigger marcher, and treated White protesters worse than niggers.

After fifteen or twenty minutes of thea argments, I cooled off and was convinced. I believe Max was and is right, that Meredith's march was for the specific purpose of making it appear that there was no longer any real opposition to such nigger arrogance, even in Mississippi, --and that the press, TV, state and even FEDERAL Courts were in on the plan! Can you doubt it, when we learned that we were not the only ones locked up that way; that there were two or three local Klansmen who got the same treatment?

When I got calm enough to ask questions, I learned that the two who had been arrested for "disturbing the peace" while sleeping in a motel had been found guilty and sined $30 each! They paid and were escorted out of town, with Mr. and

Mrs. Amann, by squads of police cars all the way to the State line, where they met me in Memphis!

As I write this, I still don't know what has happened to the first four lads!

About the only comment I can make which can be printed is that Mississippi just gave the best example I have ever seen of why the White Man is LOSING!

If Mississippi had arrested and harrassed old nigger Sore-foot, they knew they would have the heat of the Federal Government all over them, so they coddled him and gave him everything he wanted, --even to a "massacre" with bird-shot last year. But they knew that nobody sticks up for the White Man any more, -except us, -and sometimes the Klan. --So they took out all their frustration and venom on their own kind, who have no way to retaliate.

However, I may be able to turn the tables on them.

There is one outfit which might just be able to teach these legal bullies a lesson, -even if it is unfortunatly on the other side; the ACLU.

Those who are forever blasting me for accepting help from the ACLU are also those who are usually the last to help us get ANY lawyer. And the ACLU propbably could use at least ONE case of some WHITE people versus the state of Mississippi. So I have asked them to help me get back into that state on behalf of the WHITE people, and to hell with their jails and their arrogant sheriffs who bully White men while they let arrogant niggers make fools of their whole state.

I'm going to stuff that Boat-ticket in where it will do the most good, yet!

The Truth About the Israelis

Last month was tough on Communist Jews.

New York City was almost quivering with the schizophrenia of millions of God's Chosen.

For once, the Communists were on the side of the truth (an experience which is enough, in itself, to drive the Tribe over the borders of sanity).

Since about 1900, there has been bitter, murderous rivalry between the Zionist, Capitalist, religious hebes and the Communist, atheist, Bolshevik kikes. Both sides believe in and cherish their Jewish prophecy that the Chosen Ones are destined to "put their feet on the necks" of all the rest of us, as the Old Testament puts it, and Jews are to be masters of the world.

It is especially important to remember that all the Zionist prophecies of the Torah Jews revolve around the city of Jerusalem. Every year, they hold Jewish ceremonies, and at every one, they wind up with the oath, "Next year in Jerusalem".

The prophecies all proclaim that when the Jews are in possession of ALL of Jerusalem, the time of the millenium will be here, and the Jews will own the people and wealth of the whole earth.

Until this latest war, the Jews, in violation of even their own U.N. directives, had stolen only HALF of Jerusalem, and not even the half containing their "wailing wall". Also, in violation of the U.N. directives, they moved their capital from Tel Aviv to the stolen half of Jerusalem.

Thus, it is important to realize that the taking of the other half of Jerusalem is of supreme symbolic significance to the Jews.

As will be shown later, they therefore had to set up a situation where they could get away with grabbing that section of Jerusalem, without it appearing to be the naked GRAB it really was, for fear of blowing their Jewish "peace" act.

The Zionist yids believe they must seize world power wearing their beannies, phylacteries, curls and the rest of the ancient mummery of Judaism.

The Communist Jews are fanatically dedicated to their Jewish prophet, Marx, who preached that the Jews will indeed inherit the earth and its wealth, but that it must be done by bloody violence and world revolution. These revolutionary Marxist hebes have succeeded in enlisting millions of non-Jewish jerks into their ranks, both as "liberals" and "Communists", and they feel that the heavy Jewish bit of the Zionists with the beannies and Yiddish yammering crabs their "brotherhood" and "one world" act. It's too JEWISH. The non-Jewish suckers can SEE what's up.

So both gangs of Jews, both believing and working for the same world domination, have been fighting each other and even knocking each other off a la Capone for fifty years now.

New York City is the world capital of BOTH gangs, the Jew Capitalist Zionist--and also the Jew Communist Bolsheviks.

Each gang of Jews has built itself a geographical headquarters in another part of the world, and in spite of the immense rivalry between them, they

have stuck together against the rest of us to help each other build these rival centers; Moscow and Israel. Rich New York Zionist Jews like Jacob Schiff and Joseph Fels poured millions and millions into the Jewish Bolshevik Revolution in Russia.

And when the rich New York Jews succeeded in setting up their United Nations and getting this misbegotten creature of Africa and world Jewry to "vote" the Arabs out of Palestine, the Communist Jews in New York and Russia repaid the favor. No sooner was the vote on Israel passed than, THREE MINUTES LATER, Harry Truman "recognized" this act of international thievery. But Harry was too low; another nation beat him to it in recognizing the new Jew occupation of Palestine--Russia. They recognized "Israel" in a minute and a half.

There was never any real split at the top levels of world Jewry. It was all part of their usual play-acting, designed to set up the conditions so Israel could make another grab--particularly for the Jordan half of Jerusalem--and the trillions of dollars of wealth in the Dead Sea and the Jordan River heads.

The Arabs, particularly the Egyptians, were cast as the chief suckers.

The clever top Jews in New York had their brothers in the Kremlin stock up Nasser with plenty of weapons. Then they sent their dignitaries to assure him over and over that they would BACK him in an effort to get back Palestine, which was stolen from the Arabs.

Nasser swallowed this line, hook, line and sinker; allowed himself to be provoked into and coming on stronger and stronger with his "Let's-push-Israel-into-the-sea" boasts. This, in turn, forced the other Arab nations to line up with Nasser, in what could be made, by Jewish propaganda, to APPEAR to be an enormous force of Arabs poised at the throat of poor, brave little Israel.

As soon as the world had heard plenty of this loud trumpetting by the Arabs who were being suckered by the Kremlin, Israel struck like a snake.

With U. S. intelligence assistance, and one of our latest communication ships roosting off Arab shores passing information along to Israel, the Jews struck the Arabs from the air while they were all on the ground, wiped out Arab air power, and left the disunited and primitive Arab armies as open targets for Israeli air power. Without air cover, no army or navy in the world can survive, let alone operate. The Arabs never had a chance once their air cover was gone in the early morning hours of the first day of the "war".

With the Jews smashing the Arabs left and right, New York Jewry was suddenly torn apart by such double madness as the Jews have rarely experienced.

As readers of our material know all too well, the leaders of the Communist movement are almost 100% JEWS.

The Moscow red line was support of the ARABS.

So New York's Communist leaders were all supposed to be supporting NASSER!

Herbie Atheker and his fellow Hebrews were supposed to be cheering for Arab Nasser, and damning Israel.

But the beannie and beard crowd of New York Zionist Jews were wild with enthusiasm for their victory over the hated Arabs!

To be pro-ARAB in New York, was to court instant death.

And for a JEW to be pro-Arab was even more dangerous and insane.

Yet the leadership of the U. S. Commie Party is supposed to be disciplined, and follow the Party line--no matter what.

It was downright FUNNY, for those who are aware of the Jewishness of Communism to watch the poor Communist Jew leaders squirming and twisting and wriggling, trying to be good little commies and also loyal little kikes.

In Chicago they issued a statement that, even though the Middle West leader of the Party was a Jew, they felt that "Israel had gone too far", and the Party was "split" over the result. But at the same time, they issued a statement of their love for world Jewry and their "fighting brothers" in Israel.

In New York, it was even funnier to watch the antics of the NIGGER commies!

Nasser and the Arab countries identify themselves as BLACK MEN, and stand with the COLORED WORLD. It must be remembered that it was in Cairo and the other Arab countries that Malcolm X was hailed as almost a savior, and that the Arab countries were violently against our rescue of the Whites who were being massacred and eaten by the cannibals of the Congo.

So the niggers were not only formally behind Nasser and the Arabs, as Communists, but their

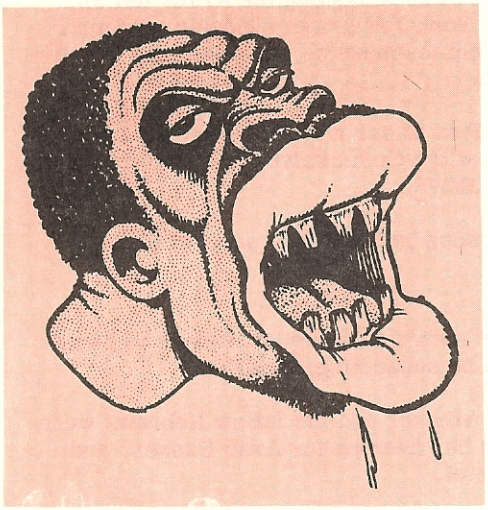
I Have A Dream!



A Nigger World!

In 1963, Martin Luther Coon stood on the steps of the Lincoln Memorial and gave a heart-rending oration about how he had a "dream" of a lovely, negroid world of the future.

Over and over and over he repeated, "I have a dream, I have a dream."

Last night, after a heavy supper of pickles, ice-cream, lobster, mince-pie, sauerkraut and a bowl of brown-sugar hard-sauce, I had Martin Luther's dream!

I saw the new symbol of a nigger America. The White House had shed its humiliating symbol of whiteness, and become a rich, beautiful, nigger BLACK, and was called the "Black House," although there were some questions about whether the "I" should have been in there.

There was a large addition to the new Black House, which I learned was the harem. The Rose Garden had been changed to a marijuana garden. All the bathtubs, showers and wash-basins had been taken out to make room for cases of Thunderbird Wine and heroin.

From the White House, my noble vision of America under the Black man shifted to the giant D.C. Stadium, where a vast crowd of redolent Negroes, sweating profusely in the summer sun, were watching the new, Black sports events.

First came the spear-chucking, then a rape contest, followed by an exciting purse-snatching contest. The Black athletic champions then put on an impressive mass wet-in, which brought the crowd to its feet, racing for the exits.

From the stadium, my dream took me to a church in Black America, where I saw the very moving religious service, where the colored citizens displayed their adoration of the God of Hair-Straighteners. The only jarring note was the impolite screaming and yowling of one of the communicants who was protesting the proceedings most vigorously as they carried her to the altar and slit her throat.

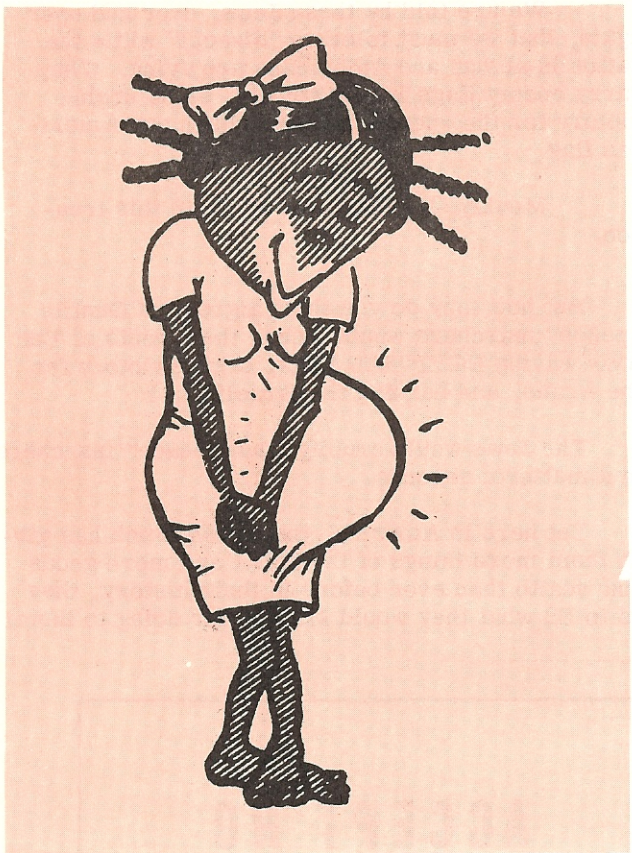
As soon as the screaming stopped in the middle of a bloody gurgle, the Reverend Witch Doctor called the congregation to a responsive reading and hymn-sing, in which he repeated various voodoo prayers, while the congregation removed its clothes and howled back at the pastor, until the gentlemen members of the church got too interested in the charms of the lady communicants, and things quieted down for a while.

Leaving the church, I visited a lovely nigger home, blessed with dozens and dozens and dozens of sweet little niggerlets, all named Welfare I, Welfare II, Welfare III, etc.

They were watching nigger television, and I was amazed at the way the niggers have improved the modern wasteland of White TV.

During the day, nigger TV had what used to be called "soap-operas." But since soap had

been outlawed by the first nigger Congress, the operas were now called "Bleaching Cream Operas" for the ladies. The show I happened to see was based on a colored gentleman, named John, who apparently was doing some cheating on the prostitute he was supposed to be living with. It was called, "John's Other Whores."



Most of the old, White TV shows were still there, but somewhat changed.

There was "Have Razor, Will Travel." The "Dating Game" had become, "The Eating Game," showing cannibal cookery at its best, always with a surprise when the day's victim was pulled out of the pot and the contestants tried to guess who they were nibbling on.

There was the "Black Hornet," "Super-Nigger" and a wonderful new Western called "Wells-Negro." For fans of early Africa there was "Daniel Coon," and the slot for gangster pictures was filled by the new "Unbathables."

At news time, I watched the Lumumba-Nkrumah report, followed by the exciting "Route 69."

Some programs had not changed their names at all, such as "The Monkeys."

But beyond any doubt, the program which showed the clear superiority of a nigger world over today's White wasteland was the documentary show, "EAT THE PRESS."

Seriously, --if the Negroes and their Jewish friends ever get control of America, it would be like the fleas winning control of the dog, so that there wouldn't be any dog left.

Negroes can't and don't PRODUCE, -which means that a Negro world would be a world of starvation and horror.

It is only the MONEY and the BRAINS of the White Man which keeps the black man going today.

If the Black Man beats out the White Mans' brains and takes all his money, -as he is planning, there will be nothing for ANYBODY.

Continued . . . . . .

hearts were really in it, because the Jews were out there in the Sinai murdering their nigger brothers.

Reading the commie papers, knowing the Jewish nature of the disease, was a pure delight under these circumstances.

The Jews were damned if they did and damned if they didn't.

They were forced to expose themselves as JEWS more than ever before, both to the world, and especially to their nigger "comrades" in the Party.

And when the chips were really down, when any Jew anywhere in the world is under attack, the Jews are JEWS FIRST--then, if it suits them, "Communists", "Americans", Englishmen", etc.

One of the favorite "reasons" advanced by the Jews and peace creeps for letting thousands of American boys be murdered in a "no-win" war in Viet Nam is that if we really FIGHT, -then it will mean all-out nuclear war with Russia.

But the Russians announced that they would back the Arabs to the hilt in their war with Israel, knowing that the United States has committed itself to all-out support of the Jews in Israel.

When the Arabs were being smashed and slaughtered, MOSCOW DID NOTHING. There was no all-out nuclear war.

Andthe same Jews who endlessly march in the "peace" parades in America, warning that we must get out of Viet-Nam or face nuclear war from Russia, were singing a different song when the war was in Israel. In spite of Russia's open threats of all-out war over Israel, the Jews were rabidly urging total US committment tc Israel, and be damned to Russia's threats, (which turned out to be fake).

Another favorite Jew myth was blasted in the one-week Israel war; that you can't WIN such wars --that "nobody wins", etc etc. The Jews went all-out, ATTACKED, and won everything they want, plus a whole lot more which they will now use to negotiate, just as they ask for more than they expect in a sale, allowing for a huge profit even when then come way down. The tiny nation of Israel won its war in a few days against vast odds because it attacked using modern weapons and techniques it got from the USA.

But the mighty USA, most powerful nation on earth, with endless weaponry and force, pretends it is incapable of winning a war against a primitive and tiny nation no bigger than Illinois, and that we must be ready to fight there and lose more thousands of American kids for FIFTEEN YEARS!

Still another Jew lie got exposed when Israel whipped the Arabs in less than a week.

We are told by these Jews, over and over again, that we must tolerate "dissent" while the nation is at war and Americans are dying. They carry enemy flags in our streets, signs urging victory for the enemy, and even burn our American flag.

Meekly, supinely, we tolerate this treason.

But how long do you think a group of Gentile "peace" marchers would last in the streets of Tel Aviv waving EGYPTIAN flags, urging victory for the Arabs, and burning the Israeli flag?

The Jews would crucify such "peace" marchers in a matterof seconds.

Yet here in America, the nation which has given them more things of the spirit and more goods and wealth than ever before in their history, they do to US what they would kill you for doing to them!

Many of these things have never been said in any normal newspaper or newsmagazine, but they are being said privately in many American homes and in millions of American hearts.

People are getting wise to the Jew double standard: they demand the elimination of school prayer in OUR Country, while they run the only religious state in the world, in which the slightest missionary effort by any other religion brings out the Jews in murderous mobs; they demand the "right" to march in our streets, preaching victory for our enemies, carrying enemy flags, and burning our flag, -but any such activity by US in THEIR streets would mean instant death; they tell us we cannot and must not use our modern weaponry to attack the enemy and win the Viet Nam war, and thus save vast numbers of American lives, because if we did, it would mean nuclear war with Russia--yet when they want something, they demand all-out ATTACK with airpower, and use every kind of modern weaponry in defiance of the Soviets,--and expose the fact that the "nuclear war" bit is a boogey man, -and that we COULD win in Viet Nam in less than a week, if they would let us.

To hell with these Jews and their double standars.

What a few thousand Jews could do to millions of Arabs in a week, millions of Americans can do to a few thousand yellow gooks in a day. Let's quit listening to the Jew double standard, and go in and WIN that war in Viet nam, and GET OUT!.

Looking back at the whole thing, the wonder to me is that the Arabs could have fallen for the cheap Jewish-Communist provocation, followed by total abandonment--and STILL take out their hatred on the U.S.A., instead of the JEWS posing behind the facade of our country.

Israel has TWO ambassadors at the U.N.--its own, and one named Goldberg--a rabid Zionist.

I listened to all I could stomach of the U. N. debates, and marvelled at the total failure of the U.A.R. delegates EVER ONCE TO MENTION THAT GOLDBERG WAS A JEW and a ZIONIST!

The Arab delegates, except for one from Syria, saved all their venom for ISRAEL--and never mentioned that all the power, force and drive for what was going on comes from NEW YORK CITY, and world Jewry, of which New York City is the headquarters.

I have tried very hard to make some of the Arabs I know personally see that their only hope lies in exposing and smashing the illegal, secret POWER HERE IN AMERICA, rather than futile attempts to fight the end of one of the tentacles of the octopus which happens to be in Palestine.

But they cannot or will not see this, and got suckered by Moscow as a result.

Now they are doing it again, so far as I can see.

Were the nations which suffer under the various forms of Jewish domination to pool their money and their efforts to help smash illegal, secret Jewish power here in America, their problems would disappear overnight.

An example of the unbelievable POWER of these people among us, who pose as Americans like everybody else, is the MONEY they raised in MINUTES when Israel was in danger.

When Ireland was under attack by the British, the Irish here helped. But it was invisible, compared to what happened last month when the yowl went up from Israel for cash. One little Jewish kid in Westchester County, New York, went out, door to door, and raised $ 60, 000 in an afternoon! From Chicago came over THREE MILLION dollars in one day. From other cities across the continent came similar sums for Israel.

It is not the military power of Israel or the strength of Moscow which threatens the world and other nations, but this monstrous, united FORCE of fanatic Jewry, draping itself now in the garments of the Jewish "religion", now in the flag of the United States, another time in the skin of the Russian bear, and still another time in the flag of Israel.

The enemy is not the bear, not the U.S.A., not the Jewish religion, nor any of the disguises of these devilish people.

The enemy of the Arabs, the enemy of the Americans, the enemy of White people--the enemy of all other powers on earth is that one power which hides among all the rest, pretending love and friendship, but using and abusing all for its own ends, WORLD JEWRY.

It would be easy to dispair over the thousands of years of steady success the Jews have had with their eternal and damnable plan for slowly conquering and enslaving the whole world, especially now that they are now in possession of ALL of Jerusalem, and their prophecies call for their total victory at the time they occupy all of that city.

But their very exaltation in victory is what must give us hope.

The Jews' biggest mistake is their eternal paranoiac arrogance and their consequent tendency to GO TOO FAR.

Millions of them now believe they have it MADE!

For the past decades, they have already been getting so arrogant more and more of our people are getting fed up with their Jewish brass and pushing.

With all of Jerusalem in their hands, they will now become so repulsively grabby and pushy that even the biggest Jew-lover you have ever known will be nauseated.

What they have done in every country where they have felt the Jewish hysteria of total victory was to start treating the native population as their slaves and property a bit too soon. Most recently, they did it in Germany, which they had almost lock, stock and barrel before Herr Hitler led the German people in an uprising which swept them into the garbage can of history for a while at least.

Now they are doing to the WHOLE WORLD what they did to Germany, and with total possession of Jerusalem, they will accelerate their Jewish grab for money, power and status.

The result will be precisely what has happened to them in every other country they stole, most recently in Germany.

Only this time, it will happen on a WORLD-WIDE scale.

This time, THE WORLD!

NEW BOOK ON RACE!

Once in a great while, a book comes along which is so good that you hardly know what to write or say about it.

"Great Achievements by Negroes" is just such a book!

It says it all!

Page after page, "Great Achievements of Negroes" shows that the author has done exhaustive research on his subject, and covered it thoroughly. Not one of the great achievements of the Negro race is omitted!

Many people will wonder that I would be promo ting a book showing the great achievements of the Negro people.

But I thi nk every American, regardless of race, color or creed ought to see and read this book. Just because a man is black is no reason to list his great achievements. If the Negroes have accomplished great works, then I will be the first one to present the list ot the public.

That's why I heartily recommend that you get a copy of this book and hand it to those who may be bigoted, and do not appreciate Negro genius and accomplishment.

You will find the cover handsome and compelling, and the contents absolutely true.

I cannot recommend strongly enough that all our people send 15¢ for a single copy, or $1.00 for ten copies of "GREAT ACHIEVEMENTS BY NEGROES" to Max Amann, box 22071, Dallas, Tex.

You'll love every page.

They're all blank.

MESSAGE FROM DALLAS

This is the last issue of the ROCKWELL REPORT..... .....in its present form, that is.

Starting next month, you will be receiving our NEW publication, the "WHITE POWER NEWS", to start as a monthly.

What has been the ROCKWELL REPORT will be a special section of WHITE POWER NEWS especially written by the Commander, about developments in the news.

The mailed subscription rate for the new publication is to be only $ 2. 00 per 12 issues, (single copies, 15¢; mailed, 20¢; bulk 100/$ 10. 00) Most subscribers will thus be credited with a year or perhaps two of the new publication.

UNLESS WE HEAR FROM YOU TO THE CONTRARY, YOUR ROCKWELL REPORT SUBSCRIPTION WILL BE HANDLED IN THIS WAY:

If your subscription has 6 or more issues to run, you will be sent a copy of "WHITE POWER", (the Commander's new book now being manufactured professionally, due out before September). The book will sell for $ 5. 95 retail, and your account will be debited for $ 5. 00. The remaining balance of your subscription will go for a subscription to the WHITE POWER NEWS at the rate of $ 2/year.

If you have 5 or less issues of the Rockwell Report still coming, you will receive the WHITE POWER NEWS for as many issues as you are due at the rate of $ 2 per 12 issues. (In other words, if you have, say, 4 issues of the ROCKWELL REPORT still to go, you will receive TWO YEARS of the WHITE POWER NEWS instead.)

At this reduced cost, you will probably want to subscribe to the WHITE POWER NEWS for a number of friends. Merely write:

SERIOUSLY NOW HAVE YOU READ MEIN KAMPF?

IT'S A MUST

for anyone interested in National Socialism. Don't take the word of others (mostly Jews) about what it says, --read it yourself!

If you "read it years ago", you'll be amazed when you re-read it, knowing what you know now.

We have obtained a good supply of the Haughton Mifflin edition in cloth cover. Outside of the "introduction", it is a good translation.
